LBFE

MISSION

Since 1979, LBFE Boston has sought to alleviate social isolation among older Bostonians. While our programs have evolved over the years, our motto remains the same: “Flowers Before Bread.” We understand that opportunities for joy, surprise, and growth are essential throughout the lifespan, and we remain committed to creating inclusive, joyful, and expansive programming for Boston’s older adults.

Our innovative work focuses on a unique range of intergenerational, technology, and arts programming through CitySites, Digital Dividends, and Creative Connections.
